

HOW TO MEASURE YOUR YARD

SEINE RIVER YARD CARE
RESIDENTIAL AND COMMERCIAL
LAWN AND LANDSCAPE

STEP 1: Print this guide to use as a reference while measuring your yard.

STEP 2: Divide your lawn into 2 to 4 sections for measurement. *(as seen below)*

STEP 3: Measure the length and width of each box, be generous in your measurements to ensure you will have enough sod.

STEP 4: Enter your measurements for each box into the SYRC Sod Estimator Form for a calculated total to submit.
